Who should attend this Forum?

Clinical and non-clinical service providers, industry workers and relevant agencies.

Purpose:

To increase the identification, referral and treatment of at risk individuals in particular men by service systems and professionals (*aligned with the National Suicide Prevention Strategy*). This is done through the provision of; education, resources, referrals and networking with service providers and relevant stall holders.

Aims:

- To increase awareness of the social determinants of male suicide
- Service providers adopting ‘man friendly’ profile
- Improved access to services and treatment
- Identify suicide risk and protective factors
- Partnerships built
- Increased men’s supportive networks
- Networking
